- Next Edition Announcement
- GIC 15th Edition - Bengaluru | February 2027

# DIRECTOR'S MESSAGE

It is an honor to present the report of the 14th Edition of the Global Investment Convention (GIC) a platform that continues to drive meaningful international investment collaboration and global business expansion.

At its core, GIC has always been about creating opportunities bringing together investment promotion agencies, government leaders, global investors, and industry stakeholders to explore new markets and build strong, long-term partnerships. The 14th edition proudly hosted 9 international investment promotion agencies from the USA, Germany, UK, Spain, Denmark, and Costa Rica, along with the participation of 300+ investors, enabling impactful discussions, curated B2B meetings, and strategic collaborations.

The energy and engagement witnessed throughout the convention translated into productive investment dialogues, partnership explorations, and multiple MoUs and Letters of Intent, further strengthening GIC's position as a trusted global investment platform.

At Crescendo Worldwide, our commitment goes beyond hosting an event we focus on delivering real, measurable outcomes. To build on the momentum created at GIC 14, we are launching the 'GIC Investor Acceleration Mission 2026', aimed at facilitating dedicated investor delegations, enabling deeper engagement, and supporting investment conversions through structured follow ups and on ground interactions.

Looking ahead, we are delighted to announce that the 15th Edition of GIC will be held in Bengaluru from 3rd to 5th February 2027. The upcoming edition will focus on high-growth sectors such as IT & ITES, ICT, Aerospace, Defense and Advanced Manufacturing, along with a guided tour to Aero India, offering participants an even broader platform for global business opportunities.

I extend my sincere gratitude to all participating agencies, partners, and delegates for their invaluable support and trust. We look forward to welcoming you once again as we continue to build stronger global connections and unlock new avenues for investment.

Warm regards,

**Jalpa Jadhav**

Director – Global Investment Convention  
Crescendo Worldwide

# EXHIBITION BOOTHS

# EXHIBITION BOOTHS

# EXHIBITION BOOTHS

# **GALA DINNER**

## GALA DINNER

### Ganesh Vandana Performance

The event commenced with the auspicious Ganesh Vandana, a traditional invocation seeking the blessings of Lord Ganesha—the remover of obstacles and the harbinger of prosperity. This graceful performance set a spiritual and positive tone for the convention, symbolizing a successful beginning for global collaborations and partnerships.

### Gondhal Performance

A traditional Gondhal performance showcased the essence of Maharashtra's folk heritage, blending music, storytelling, and devotional expression. This energetic presentation reflected the region's cultural depth and added a unique local flavor to the global platform, leaving a lasting impression on international participants.

### Koli Dance Performance

The lively Koli dance brought the spirit of Maharashtra's coastal communities to the stage. Inspired by the lives of fishermen, the performance was full of energy, rhythm, and coordination, symbolizing teamwork and harmony—values that resonate strongly with global collaboration.

### Lavani Performance

The Lavani performance added vibrant charm to the evening with its expressive storytelling, graceful movements, and powerful rhythm. Known for its blend of art and emotion, Lavani beautifully showcased Maharashtra's cultural richness, captivating the audience with its elegance and energy.

# **GOVERNMENT TESTIMONIALS**

**Mr. Witold Uhma**

Director for Investments and  
International Cooperation

## **Katowice Special Economic Zone (Poland)**

“Thank you everyone, my name is Witold Uhma. I am the Director for Investments and International Cooperation in a Special Economic Zone. This is my second time attending the Global Investment Conference. I was here last year, and this year I decided to participate again with my companion, as the event is very good and highly effective, and once again, I truly value my participation.

This year’s experience is the best proof that the conference has fulfilled our expectations. Both last year’s edition and this year’s edition have successfully met our expectations in terms of promoting our company in the Indian market. The Indian market is extremely important for Europe, and it is a huge

market with many possibilities. With many manufacturing companies and technology companies, including IT companies operating in India, some of them are already considering expansion into Europe, specifically to Poland.

We have very good conditions for them in Poland. Our Special Economic Zone is one of the strongest economic zones, especially focusing on manufacturing, automotive, as well as IT, high-tech, and technology sectors. We offer tax incentives and competitive greenfield investment opportunities. Additionally, we combine a network of research institutions and higher education academic institutions, including universities of technology.

So, we truly have a comprehensive offering for Indian investors representing many sectors. This is why I was here again, and attending this conference has once again proven that it was worthwhile, with a significant number of valuable business meetings.”

“It was a fruitful experience for building potential relationships that could lead to future investments by Indian companies. Overall, it was very important. As last year, I am again very satisfied with the participation of my company and myself in this prestigious event. We look forward to welcoming Indian investors and collaborating with the organizer, OFGZ, in the future on various initiatives. Thank you very much.”

**Ms. Ana Sánchez**

Project Manager  
Foreign Investment Unit

## Andalusia trade (Spain)

“Hello, my name is Ana Sánchez. I am a Project Manager at a trade agency. I work for the region of Andalusia in Spain, at GUMMA. This is my first time visiting India. I am participating in the Global Investment Convention. It has been an amazing experience from the very beginning, and I have learned so much. From the moment I arrived, the teams at the global investment corner arranged everything and ensured I was taken to the hotel, and everything was very well organized and controlled.

The first day was very intensive, but we met around 100 companies. It would have been impossible for me

alone to contact so many companies, so it was a great opportunity to present my region as a destination for investments. This helped convince me that there is strong synergy between India and Andalusia.

The second day was also intensive, but finally, during a meeting with a company, it showed me that India has a different way of manufacturing products, and they are very competitive.

I believe that Europe has a lot to learn from India in terms of possibilities, neighboring costs, and even the overall approach. I would like to continue the contact with the Global Investment Convention team and consider participating in future editions. Thank you”

**Dr. David Eckensberger**

Director

## Hessen Trade & Invest

"Hello, my name is Dr. David Eckensberger. I am the Director and Head of Department for International Affairs at the Federal State's Economic Development Agency. This is my second time here in India, joining the Global Investment Convention, and it has been an amazing three days. From the beginning, we had a fantastic conference on the first day, followed by many discussions and numerous meetings with companies from India that are interested in expanding to Europe, especially Germany. We had a very dense schedule. On the second day, I had more than 20 business meetings, all well-prepared by Crescendo, which resulted in a very successful outcome. I now have many leads to take back with me, and a lot of follow-up work to do.

As of 27th February, we are concluding the third day with some excellent company visits. All these companies are not only very interesting to visit but are also keen on expanding their businesses into Europe. Overall, it has been a perfect experience in many ways, and I am very much looking forward to working with these companies. Hopefully, I will be back next year, as I heard the event will be held in Mumbai. Thank you."

**Ms. Maria Paz Araya  
Alvarado**

Foreign Direct Investment Manager

**Adrián Zumbado**

Foreign Direct Investment Specialist

## **PROCOMER, Costa Rica's official trade and investment promotion agency**

"Hello, my name is Maria Paz Araya Alvarado, and I am from Costa Rica. I represent the official investment promotion agency. It has been an excellent experience here in India, where we have learned a great deal about foreign investment opportunities and the Indian market. The sessions and meetings have provided valuable insights into sectors such as manufacturing and retail, and how to attract Indian investors. We are very pleased with this experience and look forward to strengthening collaboration in the future. Thank you.

**Why Invest in Northern Ireland?**

**Dual Market Access**  
Tariff-free access to Great Britain + all 27 EU countries. A £6.9 trillion market – unique post-Brexit advantage.

**Cost-Competitive Location**  
40-50% lower operating costs. Lower energy, talent & setup costs vs Western Europe.

**Targeted R&D & Innovation Support**  
Backed by Invest NI: R&D grants, Innovation funding, City Deals support.

**Young, Tech-Ready Talent**  
Highly skilled, English-speaking workforce. Strengths in fintech, cybersecurity & software.

Meet Northern Ireland at GIC 14<sup>th</sup> Edition  
Unlock smart entry into the UK & EU markets

## GLOBAL INVESTMENT CONVENTION EDITION XIV

25<sup>th</sup> Feb - 27<sup>th</sup> Feb 2026

The 15th Edition of the Global Investment Convention (GIC XV) builds on its strong legacy as a global platform driving international investment, strategic partnerships, and cross-border collaboration. Bringing together investment promotion agencies, governments, global investors, and industry leaders, GIC creates a powerful ecosystem where ideas translate into real opportunities.

Hosted in Bengaluru, India's innovation and technology hub GIC XV will spotlight high-growth sectors including IT & ITES, ICT, Aerospace, and Advanced Manufacturing. Through focused investment dialogues, curated engagements, and knowledge exchange, the convention is designed to unlock new opportunities, strengthen global business connections, and accelerate sustainable economic growth.

With its proven track record of facilitating impactful investor meetings and enabling meaningful partnerships, GIC continues to deliver measurable outcomes. The platform not only connects stakeholders but also nurtures long-term collaborations, ensuring that discussions evolve into actionable investments and global expansion opportunities.
