Upcoming GIC Activities

Connect. Collaborate.
Grow with GIC.

Editorial

Welcome to the inaugural edition of the GIC Bulletin.

As the global investment landscape continues to evolve, success increasingly depends on trusted partnerships, strategic collaboration, and timely market intelligence. The need for platforms that connect opportunities with decision-makers has never been greater.

The GIC Bulletin is the official fortnightly publication of the Global Investment Convention (GIC), created to keep our global community informed, connected, and engaged. Each edition will bring you the latest GIC developments, global investment trends, sector insights, government initiatives, partner highlights, and emerging business opportunities.

Through this bulletin, we aim to strengthen international collaboration, showcase investment-ready opportunities, and foster meaningful partnerships that contribute to sustainable economic growth.

Welcome to the Global Investment Ecosystem. Happy Reading!

Why GIC XV

Should Be on Your 2027 Business Calendar

The 15th Global Investment Convention (GIC XV) will take place from **10-13 February 2027** in **Bengaluru**, India the country's innovation, technology, and aerospace hub.

Strategically aligned with **Aero India 2027**, GIC XV offers a unique opportunity to engage with two globally significant platforms in a single visit. Bringing together governments, investment promotion agencies, industrial parks, investors, multinational companies, and business leaders, GIC XV is designed to facilitate strategic partnerships, cross-border investment, and international business expansion.

GIC is not where business conversations end, it is where international partnerships begin.

What Makes GIC XV Different?

GIC is not where business conversations end, it is where international partnerships begin.

Hosted in Bengaluru

India's innovation, technology and startup capital

Timed alongside Aero India 2027

Enabling access to a wider international business audience

Curated B2B Meetings

with pre-qualified business and government delegates

Dedicated Country & Investment Promotion Pavilions

Sector-specific investment conferences

Direct engagement with Governments, IPAs, Free Zones and Industrial Parks

Global networking with investors, corporates and decision-makers

Unlocking Global Business Opportunities GIC XV is more than a convention it is a strategic platform

GIC XV is more than a convention, it is a strategic platform where governments, investment promotion agencies, businesses, investors, and industry leaders come together to create opportunities that extend beyond the event. Every interaction is designed to support international expansion, investment attraction, and long-term business collaboration.

Grow International Business

Access curated B2B meetings, buyers, distributors, and global business networks.

Build Strategic Partnerships

Meet decision-makers, institutions, and potential collaborators from around the world.

Partner Spotlight

Hessen Trade and Invest, Germany & New Mexico Partnership, USA

Our GIC Diamond Partners are Building Global Investment Bridges

We are proud to recognize **Hessen Trade & Invest and New Mexico Partnership** as our Diamond Partners, whose commitment continues to strengthen global investment cooperation and create new opportunities for international business growth.

New Mexico Partnership

USA: Unlocking Investment Opportunities in the American Southwest

New Mexico Partnership is the official business development organisation dedicated to attracting investment and supporting companies expanding into the U.S. state of New Mexico. Positioned at the crossroads of North American trade, New Mexico offers a competitive business environment backed by world-class research institutions, advanced infrastructure, and a rapidly growing innovation ecosystem.

The state has established itself as a strategic destination for aerospace, defence, renewable energy, advanced manufacturing, film & media, cybersecurity, and technology industries. Supported by globally recognised laboratories, universities, and a collaborative business environment, New Mexico provides companies with access to skilled talent, competitive operating costs, and significant opportunities for innovation and growth.

Hessen Trade & Invest (HTAI), Germany

Driving Innovation, Investment and International Business Growth

As the official economic development agency of the State of Hessen, Germany, Hessen Trade & Invest (HTAI) plays a pivotal role in strengthening one of Europe's most dynamic business locations. Home to Frankfurt, Europe's financial capital and one of the world's busiest international aviation hubs, Hessen offers unparalleled connectivity to global markets.

The region is also recognised as a powerhouse for finance, pharmaceuticals, life sciences, logistics, AI, digital technologies, and advanced manufacturing, supported by leading universities, research institutions, and a highly skilled international workforce. With its central location in Germany, excellent transport infrastructure, and strong culture of innovation, Hessen provides businesses with a strategic gateway to both the German and wider European markets.

Aerospace: Powering the Next Era of Global Investment

The global aerospace and defence industry is entering a new phase of growth, driven by rising commercial air travel, increasing defence modernisation, space exploration, advanced manufacturing, and the rapid adoption of emerging technologies. Governments and private companies worldwide are investing heavily in aircraft manufacturing, MRO (Maintenance, Repair & Overhaul), drones, space technologies, advanced materials, and next-generation aviation systems, creating significant opportunities for international collaboration and investment.

Why India Matters

India is now the **world's third-largest domestic** aviation market and one of the fastest-growing globally. Passenger traffic reached **over 411 million** in FY2025, while the Government's long-term vision aims to expand airport infrastructure significantly to support future growth.

India has also strengthened international cooperation through strategic partnerships with countries including the **United States, France, Germany, Israel, the United Kingdom, Japan, and several European nations**, fostering collaboration in defence manufacturing, research, innovation, technology development, and aerospace supply chains.

One Journey. Two World-Class Platforms.

Participating in GIC XV provides the added advantage of engaging with the global aerospace ecosystem at Aero India 2027. Together, these complementary platforms bring decision-makers from government, industry, investment, and technology into one ecosystem, creating exceptional opportunities for collaboration, investment, and business growth.

The Road to GIC XV: What's Coming Next

The journey to GIC XV 2027 has already begun. Over the coming months, GIC will continue engaging the global investment community through strategic initiatives, international collaborations, and knowledge-sharing platforms.
